

# HAITI 2017

## The Need:

Haiti in the aftermath of Hurricane Mathew

## How We Helped:

We raised a total of (U\$7,075) for the Haiti Effort through the PADF donation portal

100% of the funds raised went directly to purchase 272 kits (Sawyer Units and Two 5 gal buckets).

These kits were distributed by PADF to 75 schools (serving over 14,000 children and their families) in the hardest hit areas of Haiti.

CaribDA HC volunteers traveled to Haiti to train PDAF's community representatives (engineers, scientists, social workers, etc.) and trained them in the safe O&M of the kits to ensure maximum use and long life for the kits.

## **CaribDA Humanitarian Committee**

“Committed to leveraging the strength and experience of our membership to work with governments and NGO's to provide a significant solution to the challenge to providing potable water, undertake water treatment, water reuse or related projects that benefit the people in the Greater Caribbean”
